This document represents an overview of the Western States Contracting Alliance Small Package Delivery Services contract. This document is not intended to replace or append the contract, rather to provide an overview and summary of the agreement.

1.0 BACKGROUND

The State of Montana is a member of the Western States Contracting Alliance (WSCA), which establishes the means by which participating states may join together in cooperative multi-state contracting in order to achieve cost-effective and efficient acquisition of quality products and services. This contract is a result of a cooperative procurement conducted by the State of Utah on behalf of WSCA.

1.1 PURPOSE

The purpose of this contract is to provide state agencies, and all registered cooperative-purchasing organizations, (herein after referred to as agencies) with a means of obtaining Small Package Delivery Services covering inbound (*inbound services can be used at the ordering agencies discretion*) and outbound intrastate, interstate domestic express, ground and international services, as specified in the WSCA Master Contract and the attached participating addendum.

1.2 EXCLUSIVE CONTRACT

The intent of this contract is to provide state agencies with a means of procuring small package delivery services. This contract is considered to be an "Exclusive" use contract and state agencies must obtain the specified product/service from the contract holder(s), unless the contract allows otherwise. However, the State Procurement Bureau does not guarantee any minimum usage totals and it is the individual agency's responsibility to comply with the terms of the contract. The University System, at its discretion, has optional use of this exclusive contract.

1.2.1 Exceptions. State agencies will need to submit an exception request to the State Procurement Bureau stating their reasons for not using this term contract. This request shall state the specific reason(s) the agency cannot utilize the services of the named contractor.
